Certified Training Workshop

on

“Knowledge Management Competency”

Objectives: National Productivity Council (NPC) has taken up the task of popularizing the subject of Knowledge Management within all sectors of the economy. In this regard, it is envisaged that a critical mass of KM competent specialists' strength is a pre-requisite for the successful implementation of the “Knowledge Management” project(s). It is proposed to augment the KM competencies KM and other functional executives and certify their competencies so that the KM services would receive higher acceptance with the various stakeholder. The workshop has the following objectives.

- ❖ Develop a critical pool of KM competent specialists for carrying out KM consultancy and training.
- ❖ Certify the KM competencies of the above to international standards.
- ❖ Train the trainers to create multiplication efforts
- ❖ Use the training methodology to create case-studies of successful KM implementation projects

Target Participation: NPC Consultants and Executives from Public and Private sector and institutions.

Chief Faculty:

- Dr. Ron Young, Chief Knowledge Officer, Knowledge Associates, UK,

Conference Fee

- ❖ The following nominal fees would be charged for registration of delegates in the conference:
 - National Delegates : Rs. 10000 per delegate
- ❖ The Conference is Non-Residential.

Agenda

- ❖ Day 1 Theory - Bringing everyone to the same understanding of KM and the importance of the four dimensions - personal, team, organizational, inter-organizational.
- ❖ Day 2 - 5 Practical Sessions
- ❖ Day 2 Practicing personal KM with examples and exercises to complete, using free web 2.0 tools
- ❖ Day 3 Practicing team KM, with collaborative team tools supplied, team challenges and team exercises
- ❖ Day 4 Practicing organizational KM with either a supplied case study for the exercise and/or or using own NPC situation for the NPC team
- ❖ Day 5 Practicing inter-organizational KM with a possible APO Asia KM system as the challenge and exercise
- ❖ Day 5 Linking all four dimensions together in a holistic approach
